

INTEGRATED zero to ATPL frozen

Olympus Aviation has developed a thorough integrated pilot training program to bring the students up to the proficiency so that they operate as co-pilots on single and/or multi-engine airliners in commercial air transport and continue their career in aviation. The integrated training course is a full-time course from **zero hour experience** through to obtaining a **frozen EASA ATPL (f ATPL) with MCC certificate**.

When you choose to enroll for an integrated course you've decided to become a professional pilot attending a full time course, including **day-to-day** ground and flight training.

Pre-Entry Requirements

- Be at least 17 years old,
- Fluent in **English**,
- Holder of a valid EASA Medical Certificate **Class 1***.

**Medical Certificate can be obtained at Thessaloniki's Medical center.*

Enrollment time

For Zero to ATPL all time around the year.

Registration Process

Prior to the start of the course the student is required to complete the enrolment process by submitting the **ATPL Application** form accompanied by EASA **Medical Class 1** certificate, a copy of an **ID or Passport**, a copy of a High School **Diploma** (or equivalent).

Course Duration

The minimum duration of the ATPL integrated course is 12 months. In **OLYMPUS Aviation** the average time required to complete the **ATPL** course is **12 – 14 months**, including Training and Exams. Regularly the flight training begins about **1** month after the start of the course and runs continuously from that point onwards.

Theoretical Training

The **ATPL Theory** consists of **14** subjects and includes **750 hrs** of classroom training **OXFORD** GS approved inter-active video training, presentations, progress tests, sample exams and Final Progress tests. The duration of Ground School is **7** months. The student will complete the ATPL Theoretical Training after passing **OLYMPUS Aviation** Final progress tests with a grade equal or higher than **80%**. **EASA** min rate is equal or higher than **75%**.

ATPL(A) Integrated theory (14) Subjects

Residential Ground School

	Ground School Subject	Number of Lectures	Duration	Hours
010	AIR LAW	10	10 days	50 hrs
021	AIRCRAFT GENERAL KNOWLEDGE - AIRFRAME, SYSTEMS, POWER PLANT	14	14 days	70 hrs
022	AIRCRAFT GENERAL KNOWLEDGE - INSTRUMENTS, ELECTRONICS	14	14 days	70 hrs
031	FLIGHT PERFORMANCE AND PLANNING - MASS AND BALANCE	8	8 days	40 hrs
032	PERFORMANCE	12	12 days	60 hrs
033	FLIGHT PLANNING AND MONITORING	12	12 days	60 hrs
040	HUMAN PERFORMANCE AND LIMITATIONS	12	12 days	60 hrs
050	METEOROLOGY	16	16 days	80 hrs
061	GENERAL NAVIGATION	14	14 days	70 hrs
062	RADIO NAVIGATION	14	14 days	70 hrs
070	OPERATIONAL PROCEDURES	6	6 days	30 hrs
080	PRINCIPLES OF FLIGHT	12	12 days	60 hrs
091	VFR COMMUNICATIONS	3	3 days	15 hrs
092	IFR COMMUNICATIONS	3	3 days	15 hrs
TOTAL Residential Ground School		150	150 days	750 hrs

Flight training course consists of

- A total of **206 hrs**, **133 hrs** of them are conducted on Single Engine Piston aircraft (**SEP/IR**)
- **13 hrs** on Multi Engine Piston aircraft (**MEP/IR**)
- **60 hrs** on **FNPT II** included **15 hrs MCC** F/S for Multi Crew Cooperation Course.
- **(APP) Air Line Preparation Program (18 hrs)**. The **new** graduated Pilots follow the new APP course which prepares them for 'Pilot Selection assessment' and general SOP's for an Airline Company.
- Optionally **Type rating on A-320 or B-737 NG**.

Zero to ATPL Integrated course cost is

- **57.900,00 €** with full class of 750 hrs Ground school (R.C.)

The policy of OLYMPUS Aviation regarding all Flight Training payments is based on the pay as you fly idea. The student is required to have a positive balance at all times during training. All payments are made in advance and treated as deposits for the respective course.

Items included

<ul style="list-style-type: none"> ✓ Theoretical Training ATPL 750 hrs Full class + 50 hrs Progress tests and Final progress tests ✓ e-ATPL books ✓ CBTs/DVDs available in the classroom ✓ Flight Training 206 hrs (not included 3 hrs Skill test) ✓ Transportation during Flight training ✓ Instructor's fees ✓ Airport landing fees and all relevant taxes. 	<ul style="list-style-type: none"> ✓ Guide Training Syllabus and Exercises ✓ Pilot's supplies (Uniform, Operating hand book, Flight Training Manual, Flight Bag, Log Book, Knee Board, Flight Computer, Nav. Plotter, Charts – Maps, check lists) ✓ Free Internet access ✓ (APP) Air Line Preparation Program (18 hrs).
